- Flashing LED Beacon
- Foldable Guard Rails
- Drive Enable
- Manual Brake Release
- Lanyard Attachment Point
- Tie-Down And Lifting Points
- Automatic Leveling Hydraulic Outriggers
- Anti-Restart Engine Protection
- Emergency Pump
- Emergency Stop Button
- Platform Load Sense System
- Oscillating Axle Chassis

## IPAF Category 3a

Do you hold a valid operator's licence?

**The Powered Access Licence (PAL) Card is recognised worldwide as proof of platform operator training to the highest standard.**

It is issued by the International Powered Access Federation (IPAF) to platform operators who successfully complete a training course at an IPAF approved training centre.

Quick checklist for employers and operators using powered access machines:

- ✓ I have an IPAF PAL card
- ✓ Date is still valid (Licence expires after 5 years)
- ✓ All categories for the machine's being used are listed on the PAL card (e.g. 3a, 3b, PAV).

*If you can answer yes to all three, you're good to go!*

If not, please call us to discuss your requirements and arrange a training course.

PAV

Push-around

3a

Mobile Vertical

3b

Mobile Boom
